not, prior to October 1, 2000, undertake or continue the preparation of any fishery management plan, plan amendment or regulation under this chapter for the Gulf of Mexico commercial red snapper fishery that creates an individual fishing quota program or that authorizes the consolidation of licenses, permits, or endorsements that result in different trip limits for vessels in the same class.

(c) Referendum

- (1) On or after October 1, 2000, the Gulf Council may prepare and submit a fishery management plan, plan amendment, or regulation for the Gulf of Mexico commercial red snapper fishery that creates an individual fishing quota program or that authorizes the consolidation of licenses, permits, or endorsements that result in different trip limits for vessels in the same class, only if the preparation of such plan, amendment, or regulation is approved in a referendum conducted under paragraph (2) and only if the submission to the Secretary of such plan, amendment, or regulation is approved in a subsequent referendum conducted under paragraph (2).
- (2) The Secretary, at the request of the Gulf Council, shall conduct referendums under this subsection. Only a person who held an annual vessel permit with a red snapper endorsement for such permit on September 1, 1996 (or any person to whom such permit with such endorsement was transferred after such date) and vessel captains who harvested red snapper in a commercial fishery using such endorsement in each red snapper fishing season occurring between January 1, 1993, and such date may vote in a referendum under this subsection. The referendum shall be decided by a majority of the votes cast. The Secretary shall develop a formula to weigh votes based on the proportional harvest under each such permit and endorsement and by each such captain in the fishery between January 1, 1993, and September 1, 1996. Prior to each referendum, the Secretary, in consultation with the Council, shall-
 - (A) identify and notify all such persons holding permits with red snapper endorsements and all such vessel captains; and
 - (B) make available to all such persons and vessel captains information about the schedule, procedures, and eligibility requirements for the referendum and the proposed individual fishing quota program.

(d) Catch limits

Any fishery management plan, plan amendment, or regulation submitted by the Gulf Council for the red snapper fishery after October 11, 1996, shall contain conservation and management measures that—

- (1) establish separate quotas for recreational fishing (which, for the purposes of this subsection shall include charter fishing) and commercial fishing that, when reached, result in a prohibition on the retention of fish caught during recreational fishing and commercial fishing, respectively, for the remainder of the fishing year; and
- (2) ensure that such quotas reflect allocations among such sectors and do not reflect any harvests in excess of such allocations.

(Pub. L. 94–265, title IV, §407, as added Pub. L. 104–297, title II, §207(b), Oct. 11, 1996, 110 Stat. 3612)

CHAPTER 39—MINING ACTIVITY WITHIN NATIONAL PARK SYSTEM AREAS

Sec

1901. Congressional findings and declaration of policy

1902. Preservation and management of areas by Secretary of the Interior; promulgation of regulations.

1903 to 1906. Omitted.

1907. Recordation of mining claims; publication of notice.

1908. Damage to natural and historical landmarks; procedures for determination and enforcement of abatement of damaging activities.

1909. Severability.

1910. Civil actions for just compensation by mining claim holders.

1911. Acquisition of land by Secretary.

1912. Financial disclosure by officer or employee of Secretary.

- (a) Filing and availability of written statements; contents.
- (b) Enforcement procedures.
- (c) Exemptions.
- (d) Violation; penalty.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 410aaa-48, 410aaa-59 of this title.

§ 1901. Congressional findings and declaration of policy

The Congress finds and declares that-

(a) the level of technology of mineral exploration and development has changed radically in recent years and continued application of the mining laws of the United States to those areas of the National Park System to which it applies, conflicts with the purposes for which they were established; and

(b) all mining operations in areas of the National Park System should be conducted so as to prevent or minimize damage to the environment and other resource values, and, in certain areas of the National Park System, surface disturbance from mineral development should be temporarily halted while Congress determines whether or not to acquire any valid mineral rights which may exist in such

(Pub. L. 94-429, §1, Sept. 28, 1976, 90 Stat. 1342.)

SHORT TITLE

Pub. L. 94-429, which enacted this chapter, amended sections 123 and 450y-2 of this title, and repealed sections 350, 350a, 447, and 450z of this title, is popularly known as the "Mining in the Parks Act".
